Drawings

1. New corrected drawings in compliance with 37 CFR 1.121(d) are required in this application because the present drawings are informal. Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.

REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance:

The prior art does not disclose an anchoring system for holding a vessel during loading and unloading including a surface buoy connected to a subsurface buoy having an adjustable ballast and being swiveled and an at least one anchor connected to the subsea buoy with a mooring line having sufficient slack to permit the subsea buoy to be raised to the surface and further including a clump weight attached to at least one of the anchor lines and being positioned above the sea floor to provide position-holding force, generally as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
